ECOTANK PRINTERS ECOTANK M15180

AN ALL-IN-ONE PRINTER WHERE ENERGY-EFFICIENCY, SPEED AND QUALITY WORK AS ONE.

The Monochrome EcoTank M15180 is built for churning out scores of prints in up to A3+ for business without a break. Featuring Epson's revolutionary Heat-Free Technology, it helps keep power consumption to a minimum no matter the job, thus mitigating environmental impact. A resolution of 4800 dpi along with Epson's genuine pigment ink ensures water-resistant prints in impeccable quality. WiFi Direct connectivity enables wireless printing from PCs and smart devices, bringing true convenience to the table. A print speed of up to 25 ipm helps save time.

Engineered for Performance An ultra-high print yield of up to 7,500 pages (black) and a print speed of up to 25 ipm help meet deadlines effortlessly.

Open Platform-enabled

Hassle-free printer fleet management with Epson Print Admin along with compatibility with third-party solutions.

Heat-Free Technology

EPSON

8/3/4/

A revolutionary innovation that requires no heat to eject the ink onto paper, speeding up the printing process, minimising power consumption, and going easy on the environment as a result.

Switch to Epson Heat-Free Printers for Unrivalled Benefits

EPSON ECOTANK PRINTER

LASER PRINTER

Save time with consistent high-speed printing

No heat is required to warm up, allowing the printer to print immediately with 5.5 sec of first-print-out time. Consistent high-speed printing of up to 25 pages per minute which increases productivity in workspaces.

Fewer replacement parts, lower environmental impact

Uses fewer replacement parts than laser printers. As our printhead is not a consumable, it greatly reduces impact on the environment.

Less power consumption saves energy and money

With no fuser unit to heat, our printers help to reduce energy consumption compared to laser printers, resulting in cost savings for electricity bills.

Less intervention increases productivity

With fewer parts to replace and printheads that last longer, the amount of intervention is decreased, providing improved reliability and reduced downtime.

Advanced Workflow Solutions

Stay competitive with solutions that can drive your business forward. Our Advanced Workflow Solutions are designed to help you get the most out of our business printers.

PRINT AND SCAN MANAGEMENT**

Epson Print Admin

- A server-based solution that creates a secured and centralised printing, scanning and copying environment through user authentication.
- Helps organisations reduce printing cost and manage print programmes.

Epson Open Platform

- A platform to gain complete control of your printing operations via a range of third-party solutions.
- The M15180 is adaptable to meet specific and changing business requirements with solutions for print and document management.

EPSON SOLUTIONS

DOCUMENT MANAGEMENT

Epson ScanSmart

- Simple scanning of workflow from the "Scan and Save" operation.
- Simple setup and interface.
- Edit documents easily before output.
- Automatic image processing.
- Create searchable PDF documents with the built-in OCR capability.
- Versatile output capability.
- Stitch large documents into a single page.
- Perform simple photo corrections.
- Allow scanning from the printer panel.

FLEET MANAGEMENT

Epson Device Admin

- A free software that allows you to control, analyse and manage your printer fleet centrally from one intuitive interface.
- Increase productivity.
- Reduce cost.

Epson Remote Services (ERS)

- A secure cloud-based Device Management System of registered Epson printers for service partners and end users.
- Service partners are automatically notified of any errors, which can then be resolved accurately, faster.
- Access detailed insights and receive periodic reports on the status and consumable levels of your devices anywhere.

Connectivity Features

Network Connectivity and Standalone Capability

Equipped with Ethernet, WiFi, RJ-11 fax, WiFi Direct and USB 2.0, the printer is perfect for office environments. In addition, WiFi Direct acts as an access point, allowing up to eight devices to connect to the printer at a time.

Epson Connect Enabled

Wirelessly print your documents from anywhere in the world with Epson Connect's wide range of features:

Epson Smart Panel

Control your printer remotely using a mobile device.

Epson iPrint

Print from and scan directly to your smart device or online cloud storage services.

Epson Email Print

Print to any Email Print-enabled Epson printer from any device or PC with email access.

Remote Print Driver

Print to a compatible Epson printer anywhere in the world via the Internet using a PC with Remote Print driver or from mobile devices via the Epson iPrint app.

Scan to Cloud

Share your scans through email or store them online in cloud storage services.

Other mobile solutions:

Apple[®] AirPrint[™] Mopria[™] Print Service

For more information on Epson Connect, please visit http://www.epson.co.in/connect

Robust Security Features

Secured Printing with PIN Release

Print confidential documents by setting a PIN to a print job for release on the printer panel.

IP Address Filter

Secure your documents by preventing unauthorised devices from connecting to the printer.

Panel Admin Mode

Set a password to access and change administrator settings for the printer. This prevents unauthorised users from changing the printer settings.

Limited Access Function

Reduce risk of information leaks by limiting the access to functions for up to 10 user accounts.

LDAP Address Book

Prevent information leaks by using the address book registered in the LDAP server to accurately select recipient's email addresses.

Low Running Cost

Enjoy excellent cost savings with water- and smudge-resistant pigment ink that leads to higher yields while producing business quality prints.

-	7,500 pages

"In accordance with ISO 24711/24712. Actual yields will vary considerably for reasons including images printed, print settings, temperature and humidity. Yields may be lower when printing infrequently or predominantly with one ink colour. A variable amount of ink remains in the cartridges after the "replace cartridge" signal. Part of the ink from the first cartridges is used for priming the printer. Ink is used for both printing and print head maintenance. All inks are used for both black and colour printing.

SPECIFICATIONS ECOTANK M15180

Model Number	M15180
Printer Type	Print, Scan and Copy with ADF
Printing Printing Technology	ProvisionCoro ^{III} Drinthood
Printing Technology Nozzle Configuration	PrecisionCore™ Printhead
Print Direction	Bi-directional printing
Maximum Resolution	4800 x 2400 dpi
Vinimum Ink Droplet Volume	3.8 pl
Print Speed ^{*1}	
Draft Text - Memo, A4	Up to 32 ppm
ISO 24734, A4	Simplex: Up to 25 ipm Duplex: Up to 16 ipm
